Who we are

TopCat Radio is an Internet based registered non profit cultural association run entirely by volunteers. It is financed by contributions from generous private individuals, sponsors and donations. This pays for running the many aspects of the station costs, licencing and royalty and maintenance of the station.

The organization was set up during covid with just one DJ with the aim to connect English speaking people of all nationalities across the region who enjoyed music. Since then it has grown to be so much more, we now have a full range of programmes throughout the week across a range of musical genres as well as discussion programmes and interviews. Listeners are able to take part via WhatsApp live on air, or, joining us in the studio thus providing a community hub particularly important when we may be living miles apart, or are alone.

All funds raised from events like this will enable us to continue to provide this service. If you are interested in becoming a sponsor and advertising your business on our social media and radio channel, or would like to donate please contact Christopher Garton via email [here](#)

Don't miss out!

We have space for 30 stalls and with the interest already shown expect to fill up quite quickly so don't be shy! The venue will be indoors and the event will be a full day. To keep costs down stallholders need to bring their own table (folding picnic table standard size 600x2000) and a floor length table cover to enable you to use under the table for hidden storage in any of the following colours – white, gold, silver, red, green, black, so we can create a really festive feel to the space.

You may have more than one space subject to availability. Each space will be 15€ payable on booking.

Products and services for sale must be Christmas related, although this is not a second hand car boot event we do welcome traders who offer upcycled and vintage products subject to discussion with the organisers.

What can you sell?

As indicated this is a Christmas Fair and we would like it to showcase the talents and work of local artists and artisans.
